MEMORANDUM FOR: Acting Director of Central Intelligence

FROM: 
Director, Intelligence Community Staff

SUBJECT: Request for Travel Funds (U)

25X1

1. Action Requested: That you sign the attached memorandum. (U)
2. Background: The Chairmen of the DCI Production Committees requested \$250,000 be included in the Intelligence Community Staff travel budget for their activities. The full request would be hard to justify in the budget process and a reduced level is more appropriate for the Intelligence Community Staff budget. In general the Committee members travel funds should continue to come from their parent organizations with the Intelligence Community Staff funds reserved for unique circumstances requiring assistance. (S)
3. Recommendation: That you sign the attached memorandum to the Chairmen of JAEIC, STIC, and WSSIC. (S)

MEMORANDUM FOR: Chairman, JAEIC
Chairman, STIC
Chairman, WSSIC

FROM: Acting Director of Central Intelligence

SUBJECT: Request for Travel Funds (U)

REFERENCE: Your memorandum, dated 12 August 1982, subject: same
as above

While I believe that your proposal to create a separate travel fund has merit, I think it inappropriate to establish a \$250,000 fund as requested. As a general rule the travel funds for the members of the subcommittees and working groups should continue to be budgeted by their parent organizations. In recognition of the fact that members from agencies other than CIA may have difficulty in obtaining the necessary funding for travel needed to support the Director's Production Committees, especially near the end of the fiscal year when travel funds are particularly tight, I have asked the Intelligence Community Staff to include \$40,000 in their FY 1984 budget request to satisfy such Community requirements. (S)

John N. McMahon
Acting Director of Central Intelligence

MEMORANDUM FOR: Director of Central Intelligence

FROM : Chairman, JAEIC
Chairman, STIC
Chairman, WSSIC

ATTENTION : Deputy Director of Central Intelligence

SUBJECT : Request for Travel Funds (U)

1. Action Requested. That you approve a budget item for 1984 of \$250,000 to cover travel expenses for your Intelligence Production Committees on Joint Atomic Energy (JAEIC), Science and Technology (STIC), and Weapon and Space Systems (WSSIC). (S)

2. Background. Some members of JAEIC, STIC, and WSSIC subcommittees and working groups are having increasing difficulty in obtaining travel funds to attend regularly scheduled meetings in Washington. Some members of WSSIC are having the same problem in obtaining funds to attend committee-sponsored international working parties. And, in our judgment, the effectiveness of committee operations and the quality of the products would be enhanced by periodic visits to appropriate facilities engaged in scientific research and development of weapons. (S)

3. These committees have never had travel funds of their own. Travel has historically been funded by the individual member's agency. As travel funds become increasingly scarce, different members of the Intelligence Community must give different priorities to supporting the DCI's production committees. This makes it increasingly difficult for the committees and their working groups to perform to their maximum effectiveness. (S)

4. If the committees had their own source of travel funds, these problems could be alleviated. Because of the relatively small amounts of money required by each committee, it would be cost effective to combine the amounts for all three committees. The combined total should be a line item in the 1984 budget.

SUBJECT: Request for Travel Funds (U)

5. Recommendation. We recommend that you authorize a separate line item in the FY 1984 budget for funding the activities stated in Paragraph 2. We estimate the total cost to be approximately \$250,000. The WSSIC is expected to utilize the larger portion of these funds because of its greater size and involvement in international conferences. The funds would be administered by the Intelligence Community Staff. (S)
